

OPPORTUNITIES FOR **DUTCH** COMPANIES IN THE GERMAN CHEMISTRY SECTOR

SEPTEMBER • 28 • ONLINE

PROGRAM

Drs. René Reijtenbagh, Business Angels Connect 15:00 H

Welcome and introduction of collaboration between Business Angels Connect and ChemistryNL: How to find the right investor for your startup and how to benefit from this collaboration in search of a private investor.

Dr. Ute Günther, Business Angels Netzwerk Deutschland e.V. 15:15 H

What does the Business angel eco-system in Germany has to offer Dutch chemistry companies: Benefit from getting a German investor on board and learn how to find one. Germany has attractive supportive schemes for this.

Dr. Marie Asano, High-Tech Gründerfonds 15:35 H

Why the leading early-stage tech investment fund in Germany welcomes Dutch startups: Learn how to finance the growth of your startup with a German VC. How does this work and what are the conditions.

Mr. Mark Giesbers, Business Angels Connect 15:55 H

The subsidy schemes for cross-border investing that you should know about: Get a quick overview of subsidy schemes that your company could benefit from to realize your ambitions in internationalization and innovation.

Dr. Sebastian Hiessl, Forum Startup Chemie 16:10 H

How to get a head start by connecting to German chemistry corporates and the start-up eco-system: Forum Startup Chemie introduces Dutch startups to corporates and knowledge institutions facilitated by dedicated databases.

Ton Steenwinkel, AngelEngine 16:30 H

Moderator, Q&A
